

GRENADE

2022

The history of Grenade starts between the Garonne and the Dordogne. The grapes were harvested in the vineyard of Laurent Cassy and Sylvain Destrieu, and the winemaking and the blending were made in our urban winery located in Darwin, on the right bank of the moon harbour.

The rest of the story is told on your palate...

TASTING NOTES

The juicy cuvee of the Micro Winerie. You will catch in the nose notes of blackberries, redcurrent, grenade with a hint of pepper.

At the palate, you have an explosion of crisp fruits, that ends with spices and very soft tanins.
