

IMAGINE

2022

The earth has a vibration frequency of 432Hz!

This wave of harmony and balance inspired the anthem of peace IMAGINE. It inspires us today with this cuvee, reminding us our need to reconnect with nature.

Harvest in the parcel of Cassagne, IMAGINE was aged by the smooth touch of the amphora, antic winemaking technique that creates in the wine an endless vibrating movement.

TASTING NOTES

In IMAGINE bouquet, you have fruity notes of strawberry and raspberry, with a hint of violet.

You discover on the palate a juicy, balanced and fruity wine. This full body cuvee with velvet tanins has a long ending melted with a light bitterness.
